About Me

I know HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind, Daisy UI, React, and WordPress with Elementor. Studying at Aptech for a diploma, I aim to intern for practical web development experience. My expertise lies in dynamic web apps and WordPress for website design, showcasing my flexibility.

Professional Experience

Universal Stationaries | E-commerce Store

Developed an e-commerce website for Universal Stationaries with HTML, CSS, and JavaScript, featuring user-friendly interfaces, product listings, functionality, and user authentication. Implemented cross-browser compatibility and responsive design.

Code Café | Coffee Shop Website

Developed a dynamic website for the fictional coffee shop, Code Cafe, using HTML, CSS, and JavaScript. Implemented menu listings and customer feedback form. Ensured responsive design and optimized performance for seamless user experience across devices.

Multiple JavaScript Tasks Competition

I participated in a JavaScript competition, completing tasks that tested problem-solving skills and JavaScript proficiency. Tasks included algorithm challenges, DOM manipulation, and implementing interactive features. They demonstrated adaptability and creativity in finding solutions within constraints.
